

PERMIT TERM 213

Title: FISH SCREENS

When used: For diversions from any surface waters having fish where fish screens are appropriate.

Term:

No water shall be diverted under this permit until permittee has constructed a fish screen or has proposed and constructed an alternative. Any alternative must comply with the Department of Fish and Game criteria and receive their written approval. Permittee shall submit a copy of the State Department of Fish and Game's written approval of the plans and design calculations to the Division of Water Rights within 30 days from the date of the approval. Construction, operation, and maintenance of any required facility are the responsibility of the permittee. If the fish screen(s) or any alternative(s) is (are) rendered inoperative for any reason, the permittee shall notify the Chief of the Division of Water Rights immediately and shall restore the equipment to service as soon as possible.

(0000213)

License Term:

This license is conditioned upon full compliance with the State Department of Fish and Game's criteria for fish screens. When replacement of the fish screen required by this term becomes necessary, the new screen shall comply with the current screening criteria established by the State Department of Fish and Game. If the fish screen(s) required by this term is(are) rendered inoperative for any reason, the licensee shall notify the Chief of the Division of Water Rights immediately and shall restore the fish screen(s) to service as soon as possible.
